

BLM EDITION-1984

SURFACE MANAGEMENT STATUS

1:100 000-scale metric topographic map of Conchas Lake NEW MEXICO

30 X 60 MINUTE QUADRANGLE SHOWING

- Contours and elevations
- in meters
- Highways, roads and other
 manmade structures
- manmade structures

 Water features
- Geographic names

Edited and published by the Bureau of Land Management
Base map prepared by the U.S. Geological Survey
Compiled from USGS 1:24 000-scale topographic maps
dated 1963–1972. Partially revised from aerial
photographs taken 1978 and other source data
Revised information not field checked
Map edited 1982

Projection and 10 000-meter grid, zone 13,
Universal Transverse Mercator
25 000-foot grid ticks based on New Mexico coordinate
system, east zone. 1927 North American datum
To place on the predicted North American Datum 1983 move
the projection lines 2 meters south and 47 meters east

CONTOUR INTERVAL 20 METERS
NATIONAL GEODETIC VERTICAL DATUM OF 1929

THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS

The surface and minerals management status overprints are published as general planning and management tools. Some of the lands, surface and mineral rights, may have been shown as patented lands due to the lack of information available to BLM with respect to the nature of acquisition. Tracts less than 40 acres are usually omitted because of the map scale. Access through private lands may be restricted. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.
